

Superior Solutions. Unparalleled Service.

Who is Colorado Asphalt Services, Inc. (CASI)?

Founded in 1979 (and renamed CASI in 1993), we are a full-service asphalt paving company servicing the Front Range of Colorado—from Fort Collins to Colorado Springs and anywhere in between.

Based in Commerce City, CASI operates a state-of-the-art asphalt production facility and takes pride in our customer-centric way of doing business. Our staff will work with you to assess your project and recommend the solution that best fits your needs.

A Personal, Professional Approach

Owned and operated by the Boumeester family for more than 33 years, CASI takes a personal, professional approach to all that we do. We have built our reputation on **personalized service and professional workmanship**. CASI supplies only the highest quality products and services to our customers, whom we value above all else. In the Denver metro area and beyond, we are known for our **tradition of dependability, integrity, and quality**.

What Sets CASI Apart?

In addition to our unique customer service philosophy, CASI is the only asphalt maintenance company along the Front Range of Colorado that has its own asphalt plant. We were also the first construction industry recipient of the **Denver/Boulder Better Business Bureau Torch Award for Marketplace Ethics (2006)** and we have been named a **Top Company winner by ColoradoBiz magazine (2009)**.
