

**NOW YOU SEE IT...**

**NOW YOU DON'T.**

# SEEING IS BELIEVING

With **SECURE MDE'S SECURE SHARK™**, you don't have to wonder if your hard drives were really destroyed or worry about sensitive media getting misplaced or mishandled during transportation. We come to you, so you can see the destruction for yourself. And once that liability is gone, it's gone for good. You'll see.

**THE SECURE SHARK™ IS FASTER, MORE CONVENIENT, AND MORE SECURE THAN ANY OTHER DESTRUCTION SOLUTION AVAILABLE.**

We shred onsite—anywhere in the U.S.—which means sensitive data never leaves your place of business and the end product is visually verifiable—immediately. We even...

- **RECORD THE ENTIRE PROCESS ON DIGITAL VIDEO.**
- **RECYCLE 100% OF RESULTANT MATERIAL** in accordance with EPA standards.
- **HANDLE DESTRUCTION FROM START TO FINISH**, leaving your employees to do their jobs.

**BIG JOB? NO PROBLEM.** The Secure Shark™ can shred up to 1,000 hard drives an hour. You won't believe your eyes.
